

ChemLog-T&T – Tracking and Tracing solutions for improvement of intermodal transport of dangerous goods in Central and Eastern Europe

3rd Dissemination Conference & Regulatory Policy Advisory Group Meeting

26 - 27 November 2014

La Spezia

La Spezia Port Authority, via del Molo 1 - 19126 La Spezia

ChemLog T&T is a European cooperation project between regional authorities, chemical industry associations and scientific institutions from Germany, Poland, Czech Republic, Slovakia, Hungary, Austria, Slovenia and Italy with the objective to strengthen competitiveness of the chemical industry by improving framework conditions for supply chain management in Central and Eastern Europe.

ChemLog T&T wants to overcome barriers for transnational intermodal transport in the West-East and East-West dimension by initiating a broad process of exchange of experience and facilitating the development of tracking and tracing solutions for dangerous goods.

ChemLog T&T respectively the project partners aim to establish fruitful cooperation with relevant administrative entities from regional, national and European level, chambers, associations, enterprises and logistic service providers to identify needs and find common solutions for the improvement of intermodal transport of dangerous goods in Central and Eastern Europe.

ChemLog T&T invites interested stakeholders to contribute to these objectives. With the organisation of the 3rd Dissemination Conference on 26th November 2014 in La Spezia, the project partners will present the final results of the implementation of pilot projects for the practical testing of tracking and tracing devices at intermodal transports and discuss it with representatives from politics and industry. The conference should pave the way for further intensification of exchange of experience and improvement of framework conditions for chemical logistics in Central and Eastern Europe. We are looking forward to a fruitful discussion.

More information: www.chemlog.info

The project is implemented through the Central Europe Programme, co-financed by the ERDF. www.central2013.eu

ChemLog-T&T – Tracking and Tracing solutions for improvement of intermodal transport of dangerous goods in Central and Eastern Europe

3rd Dissemination Conference

26 November 2014

La Spezia

La Spezia Port Authority, via del Molo 1 - 19126 La Spezia

Agenda

26 November – Wednesday

14.00-15.30 Welcome and Introduction

- Welcome and Introduction
Federica Montaresi, La Spezia Port Authority
Matteo Besozzi, President Province of Novara
- Introduction to ChemLog T&T Project – Activities and Objectives
Andreas Fiedler, ChemLog T&T Central Management Unit
- Results and conclusions from the implementation of pilot projects for the practical testing of T&T solutions in intermodal transport of dangerous goods in Central and Eastern Europe

Pilot project 1 – Germany – Poland

Nadine Doden, Ministry of Transport and Regional Development Saxony-Anhalt

Pilot project 2 – Italy – Hungary - Slovenia

Stefano Gianazzi, Circle

Zoltan Bendo Hungarian Transport Economic Office

Marija Lesjak, University of Maribor

Daniele Ciulli, La Spezia Container Terminal

Pilot project 3 – Austria

Christian Haider, FH Upper Austria – Logistikum

Pilot project 4 – Czech Republic – Slovakia

Ladislav Spacek, Czech Association of Chemical Industry

Jaroslav Cermak, Slovak Association of Chemical and Pharmaceutical Industry

15.30-16.00 Coffee Break

16.00 – 17.30 Conclusions and Outlook to future cooperation

- How eSeals evolution, RFID, GPS & T&T / customs compliant solutions could help security & optimization inside port and among logistic chain
Alessandro Paternostro, Leghorn
- Conclusions from chemical industry perspective
Wolfgang Schnabel, former supply Chain Director Dow Chemical
- Conclusions from perspective of Chemical Logistics Service Provider
Hans Demarest, Hoyer GmbH
- ChemLog Tracking and Tracing Strategy Development – Action Plan for Promotion of T&T application
Andreas Fiedler, ChemLog TT Central Management Unit

20.00 Joint Dinner

Simultaneous Translation will be provided for Italian / English

ChemLog-T&T – Tracking and Tracing solutions for improvement of intermodal transport of dangerous goods in Central and Eastern Europe

Regulatory Policy Advisory Group Meeting

27 November 2014

La Spezia

La Spezia Port Authority, via del Molo 1 - 19126 La Spezia

Agenda

27 November – Thursday

9.00-10.30 Regulatory Policy Advisory Group Meeting

- Welcome and Introduction
Thomas Steinmetz, Ministry of Science and Economy Saxony-Anhalt
- Results for the establishment of ChemLog T&T Central Orchestration Framework for tracking and tracing systems at transnational level
Luca Abatello, Circle / Marco Massabo, CIMA Foundation
- Improving safety and security of dangerous goods transport in Italy
Nicola Bassi, UIRNET S.p.A.
- Standardization for satellite navigation based telematics in intermodal transports - experiences from European projects
Antonella Di Fazio, Telespazio
- Conclusions form 2nd Workshop on risk evaluation and assessment in the context of inland transport of dangerous goods
Alena Loudová, Oltis Group

10.30-11.00 Coffee Break

11.00 – 12.00 Regulatory Policy Advisory Group Meeting

- GEOTRANS MD – Activities to promote the application telematics in dangerous goods transport
Jean-Philippe Méchin, CETE du Sud-Ouest
- EUREKA EDMOND Project : Electronic Transport Data Services for Monitoring of Dangerous Goods
Petr Kroca, Oltis group
- Outlook to funding for European Transport Cooperation in the framework of Central Europe Programme 2020
Winfried Ritt, Central Europe Joint Technical Secretariat
- Discussion and Outlook

12.00

Joint Lunch

Meeting Venue

La Spezia

Auditorium del Porto
c/o
La Spezia Port Authority
via del Molo 1
19126 La Spezia
